

Telephone conversation with Ed Epstein Wednesday night 3/16/66

1. Mark Lane is defending a case in Connecticut, David Mitchell vs US Government, Nuremburg plea re draft and Viet Nam
2. Daniel Moynihan, very close to RFJ AND JFK family in general, also close to Rovere--was called into consultation at White House immediately after the assassination on 11/22/63. He urged that LHO be taken out of Dallas police custody, warned that he would be shot, warned that the DP would gum up everything. Everyone poo-hoed and brushed aside his warnings, every one of which came to pass.
