Panel Discussion with Dr Howard Miller, James Donnelly, and
Dr. Cyril Wecht (a medical doctor specializing in pathology, he is also
an attorney, also an expert in medical jurisprudence)

Wecht...In this case, they (the Government) called upon the three military
pathologists, ~~and only the three~~...only those three, no one else, and they
can't talk today and they won't talk...whether they'll talk when they retire,
I don't know, we'll all have to live and see.
