Ed

Krusberg + Lane to get impressive reviews in Aug. in newspapers

Ed. to be consulted

Being done by Howard Profs.

Ed favors Krusberg's book

more impressive for people to arrive at their own conclusions

Like Krusberg to look up:

Is Jan 13th available or not?
Exhibit 108?

Can ask Vince

Hoover's says Hudkins was interviewed by F.B.I. What about Secret Service?

Permission to show Anoxi Look.

Not going to enlarge on Rowland - apologize for not amplifying.
Apology for not saying "top" of collar, but that photos were included.

Not going to make Rowland a major
issue in book - will include
Paul Frazier's article

Might be asked to review Lane's
book.

Shouldn't air grudges against
Weisberg in public.
