Dear Mr. Petroff:

You were certainly kind in thinking about letting us see the Jack Fox story after all your earlier effort in connection with the Esquire article and analysis on the Warren report.

Thanks lots. You might want to have the clips back, so let me enclose them herewith. I thought you had an extremely interesting set of stories, and I should think there would some day have to be some official responses to which you would have contributed in the public interest.

With best wishes,

Sincerely yours,

Peter Kihss
