side of specimen Q465. The numerals "03280" appear
on tags as well as some additional markings which appear
on specimen.

Labels in the collars of specimens Q455 and Q462 have
been printed in the Russian language. Neither
specimen appears to have been manufactured in the
United States.

Specimens Q462 and Q474 boots also have printing in the
Russian language stamped to the inside portions indicating
they were manufactured in Russia.

The name "W. E. OSWALD" appears on many of the

The markings of insignias on the
