

Enclosed are several items which should be of interest. Specifically, there is a retyped mimeograph of three old articles in the London Evening Standard by Jon Kimche re alleged peregrinations of Sirhan; there is a copy of a long Los Angeles Free Press story by Peter Dawney re Sneyds' whereabouts in Europe; and there is a more recent article from the Government Employees Exchange of April 16, 1969, re "the other CIA". These are enclosed because it is thought that you might not have seen them.

Also there is enclosed a mimeographed form for those who have done research, and it is requested that it be filled out and returned to the Committee. The effort here is to avoid duplication of effort on the part of individuals and groups who are not in touch with each other. On the back of this sheet there is space for the names and addresses of researchers and/or interested persons whom you know and who may not be known to the Committee. It is our intention to coordinate the information on both sides of this form and issue a consolidated national list of researchers and areas of research.

The Committee is in the process of compiling a massive cross index of the indexes to the Warren Report Hearings, Commission documents and other printed material (i. e., books and articles on the assassination which contain indexes). In time (soon, we hope) we will be able to furnish you with all printed references to persons, places, etc. Also, we hope to be able to supply a complete bibliography on the subject.

If you have any information on the following items, would you be kind enough to send it to us in as much detail as possible:

- (A) The whereabouts of LBJ on November 18-22, 1963.
- (B) A possible trip by Oswald to Mexico in late March and/or early April, 1963.
- (C) The background and present whereabouts of Warren Broglie, (manager, Luma Hotel, Mexico City, 1963) or Barbara Warren (Los Angeles lawyer).
- (D) Use of the alias Eric Starvo Galt by someone other than Ray.
- (E) Use of the alias Ramon George Sneyd by someone other than Ray.
- (F) Any relationship between the real Sneyds, Bridgmans, and Galts.
- (G) Possible visits to Near East by Sirhan in 1964 and 1966.

Sincerely yours,

Bernard Fensterwald, Jr.
