LHO who hunted together.
He never before in his life
used a high-powered
bolt-action rifle before his
life, never used Telescop

would have hard to purchase

A letter, postmarked 7/29/63, Fort Worth, is addressed
"_____". It reads "_____ PS _____"
(17:541)

Note: 1. The "backwardness" of the address.
Compare to Oswald's letters which probably
reflect the Russian way to address
letters. 2. The humor of using Mrs K's name.
Compare Oswald's facility in listing names
and companies in a humorous vein at
times. 3. Oswald had lived in Fort Worth.
