Dear Mary,

Remember my SOS about "Cecil Upshaw"? Well, I have finally found out who he is, quite by accident, and it is mortifying--he is a relief pitcher for the Atlanta Braves!! Apparently I must have heard his name during the baseball season last year and it stuck in my subconscious as incongruous for his trade, and then came out months later in a dream.

From the not-infrequent phonecalls I receive from Jones Harris, I get the impression that he is calling on you for assistance and information quite a bit. I hope, not too often and not so as to be a nuisance to you. He is quite a character, isn't he? There is a fictional portrayal of Jones in a recent novel, "Strange Peaches" (in which a few chapters deal with the assassination, faithfully accepting the Warren Report version of the snarling lone assassin). Under the barely disguised name of "Harrison Jones", he is rather cruelly sketched, although he claims not to be the least offended by it and merely amused.

I am going out to open the house at Fire Island next weekend. Then my friend Walter has it for a month, and on July 15th I will be going out with Mimi to spend six or seven weeks. If I could entice you to make the trip, you would be more than welcome the week of July 29th or the week of August 12th. Any chance?

The address from July 15th through August will be c/o General Delivery, Ocean Beach, Fire Island, New York 11770, telephone 516-583-5245.

Be sure to read the new book by J. Allen Hynek, "The UFO Experience", published by Regnery (Chicago). I was asked to review it for a forthcoming issue of the NICAP publication (The UFO Investigator). I'd love to know what you think of it.

All my love,
