

OFFICE OF THE GOVERNOR
STATE CAPITOL
AUSTIN, TEXAS 78711

DOLPH BRISCOE
GOVERNOR

June 15, 1973

Dearest Sylvia:

I am enclosing one clipping from the Austin paper regarding the UFO in 1897. There were a number of longer and more detailed pieces and I will probably be able to find them (I save newspapers, you know) when I start clipping them for Watergate, Kennedy, etc., pieces. There was one very interesting account of having the National Guard or some such organization guarding the place where the "thing" was supposed to have landed.

Sylvia, you won't believe me when I say it but I just may be able to join you at Fire Island this year for at least a few days... I am planning to "retire" on July 15th and return to Dallas. I do not intend to work for a while at all. This has been one of the most interesting experiences of my life but I wouldn't want to repeat it. The 63rd Session of the Legislature closed on May 28th and there is now no justification for the salary I am making. If I were in Dallas where my children and grandchildren are, I would just ask for them to cut my salary and I would be happy. But, this is taxpayer's money and I am overpaid to be counting little pieces of paper... I don't intend to work at all for a while, just travel and rest.

Well, damn it! My boss just came in and I must perform the secretarial duties of providing him with coffee and the morning paper...

Will write more later,

*Love
Mary*

I have been thinking about you a lot lately and wondering how you are getting on. I hope you are well and happy. I have been busy with work and family but I still find time to think about my friends.

I would love to hear from you again. Please write to me when you have a chance. I would be happy to hear all the news.

Give my love to everyone. I hope you all have a great time.

Your friend,
