

Tuesday.

From

MRS. JOSEPH A. FIELD, JR.

Dear Sylvia →

Many thanks for last night's call. Ever since the Ramparts-Phinbaum appearance on our scene, you have had a kind of moral & emotional renaissance which I can detect even in the timbre of your telephone voice! I, too, feel recharged and inspired to carry on, as a result!

Thank God for "our burden" —
as I said last night or I would truly

be close to madness.

P.S. Please return envelope
at your convenience. It
is only copy I have. Thank
you.

Lillian called to Conway the latest
bulletin from you - but at that moment
I couldn't talk to her; just now I've
returned the call & she wasn't "speaking"
so we'll converge later.

Thanks to you, Joe I called last
night & I was being massaged - then he
phoned early this A.M. & I was asleep.
Today I saw my lawyer here & he ad-
vised against having a N.Y. attorney
on my case with the customs, so I've
decided to drop that part of it. I'll
send a few lines of explanation to
Joe later on. Am still working frenetic-
ally on the set of panoramas for David
Welsh of Ramparts (Steinbaum already
has one). More anon. Keep well.

Love, Maggie.
