Maggie dear,

I am at home for the next four weeks or so, had to take my vacation now rather than August, for convenience of the office...will use part of this time to get part of the apartment painted...I am writing a review of the CBS indecency for TMO...Necht was outraged by the whole affair, especially the excerpting from his 2-hour interview...I mentioned the acquitted corporal story and he was extremely interested and would like a copy of the clip...If it is okay with you and Ray, I would like to use it in the TMO review, too.

Back to work now. Much love,
