

Telephone Conversation with Fred Cook, Linterlochen N.J.  
Friday night 24.9.65

Called to invite FC on Sunday Oct. 3. He  
may be out of town then but will try to come.  
Has written long article, en route to Roussards,  
which he thinks shows conclusively that  
more than one assassin was involved, that  
there was a conspiracy. His article is  
limited to the assassination - proper, focusses  
on Brennan whom he finds highly suspicious -  
especially his testimony, no cartons, and LHO  
perched on window.

Does not understand attitude of the Nation  
Discussed article Dec. 1964 with Mr Williams,  
who did not react. Not interested.

FC apparently in touch with Ray  
Marcus, his material may help.

Telephone call from Jones Harris 3-6 pm  
Saturday 25.9.65

Vivian S. had already invited Harris,  
saying to try it it would be all right,  
Ed Epstein told Harris if he was going,  
he himself would make it a point to  
come too.

Harris continues feel 80% certain it is  
LHO in dooming. Feels LHO definitely  
implicated - for \$ - also ego - plot involved  
two - platoon - strategy ① to shoot ② to pin it on  
LHO and group. Blabrac "very fine person  
utterly reliable created LHO because used  
phone & iceberg" Eulene Robt - can't be  
found, has disapproval, not acceptable.

Fitz - non committed

Zygader - judgment & hysterical, not altogether  
true \$25 was all to Tyrone's fund

Has pretentious Callaway - Benavides is  
"a pariah" can't get to him - Reynolds -

Regards Mark here as the very scummiest  
of scum - utter drags - liar opportunist  
m.s. & ... LHO is ... politics

Norris God, sees no evil in fact "they" had  
photos of Lane (intimate photos, flagellant)  
used to get him out of public life -

Asy he has absolute proof on the end was  
45 minutes late - notes with considerable  
suspicion address for report which  
Asy 5 minutes

Considers Ruby fierce re Jews but  
otherwise utterly evil degenerate, nothing  
Ruby has not done ugly degraded  
victim man

has seen Whaley & remanent claim Feels  
LHO might never went to room N Berkeley 1 pm

Very suspicious vanity addresses given Tippit  
Abraham - also has some doubt LHO  
trip Mexico - at all - seems  
Dillon's police to get undeserved blame

Seems feel no remorse at all WC  
murders & assault - So little time,  
not having tried and, figured  
anything.
