On April 10, 1964, Mr. EDDIE BARKER, News Manager, KLRD-TV and Radio Stations, advised he had obtained a copy of the 16 mm color film from the Dallas Cinema Associates Corporation of Dallas, Texas. BARKER related that this corporation had obtained numerous strips of 8 mm film taken by citizens of Dallas, Texas, depicting President JOHN F. KENNEDY's visit to Dallas, Texas, on November 22, 1963, and scenes taken outside of the Dallas City Building, on November 24, 1963, when JACK RUBY shot LEE HARVEY OSWALD in the basement of that same building. BARKER related that he had re-viewed the film and the corporation had failed to obtain film taken at the scene of the assassination on November 22, 1963.

BARKER advised that he would have a 16 mm black and white copy made of this film and would furnish the same to the Federal Bureau of Investigation.

On April 13, 1964, BARKER made available the black and white copy of this film. A review of same fails to reveal any pertinent film taken at the time of the assassination of President KENNEDY, or film taken in the basement of the Dallas City Building at the time JACK RUBY shot LEE HARVEY OSWALD.
