DL 89-43
RPG:BJD

Under the date of November 29, 1963, the Latent Fingerprint Section of the Identification Division of the FBI advised as follows concerning the latent impressions appearing on three negatives of one lift:

Specimens: One lift
Three negatives

The latent impressions appearing in the submitted negatives, which were previously developed on the trigger guard assembly of the rifle used in this matter, are of no value for identification purposes.

The latent palm print on the submitted lift marked "off underside gun barrell near end of foregrip C2766" has been identified as the right palm print of Lee Harvey Oswald.
