

A Warning

Dear Sylvia,

Called WFAA-TV, Dallas, today. Code 214 7489631, Mr. Travis Linn, News Mgr (I think!). Asked for transcript of Garrison's appearance Dec. 9 - reported in N.Y. Times Dec. 11, Dallas dateline, "Dec 10 (AP)"

Linn said they were in receipt of several such requests. Thus far no transcripts available because none made. Maybe they will be, maybe not. If yes, then fairly soon. Took my name & address to add to list of recipients.

Spoke about Garrison. He said AP dispatch in Times "garbled." Garrison not reported accurately. For example, said Linn, Garrison did not say, man fired from a manhole, but from the sewer in the street or sidewalk. Impossible to tell from this what was said by whom unless one reads transcript.
