PENN JONES

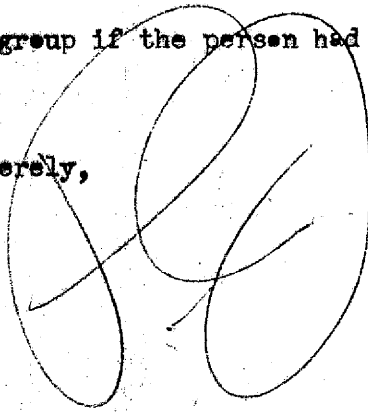

Hello Stamm,

I have never quit work, and we know more and more each day, and I publish as rapidly as I can.

Garrison is still being financed. The identities was published by court order, but I don't have time to work on that—more important work to do in Dallas. Glad to hear from you and the books will be mailed as soon as more Destiny in Dallas books arrive.

Glad to hear from you. The assassination was a job of the CIA. They hired whoever they needed from any group if the person had the qualifications.

Sincerely,

A large, stylized handwritten signature, likely "PJ", is written over the word "Sincerely,". The signature consists of several overlapping loops and a long horizontal stroke.
