Dear Sylvia,

Great & good to hear from you,
and a long letter from you is
just about the nicest thing
that could happen to me.

Poor Arnoni, really, whatever
his sins, I feel he may ruin his
life, and I miss the magazine
badly, it was my "place" on the
left, but believe me I know how
difficult ~~A~~ he can be, and
twice had very serious disturb-
ances with him that kept me
from too much personal contact...
It may be that his last good
act was to have us both come
together, sharing (in a way)
his heritage, or the good part
of it; anyway, count me in as
a part time, at least, replace-
ment, okay? I don't even
pretend to integrity, it is just
a luxury that I enjoy! So long
as you know.
I am pleased in a morbid way about
your decision on your papers,
post mortem, & will get in touch

*P.S. What about the new Lane book
I am ready? (!)*

with Gotlieb of Mugar Memorial Library (Boston University) to try to arrange seeing you when you are up there--you might want to see the luxurious mansion of a Library they have?

But I am also concerned with the safety of your papers, etc? After what has been happening with some other people...Could it be possible that papers you don't need directly could ~~it~~ be put up there as loan, held in private, or that maybe they would make copies of those papers you would allow them to? and also hold these in trust, in private, safely? You might discuss this with Howard Gotlieb who, I am sure, will be writing you.

What a remarkable description of the whole Garrison affair.... Brilliant...your letter, I mean. Could you send me copies of other reviews? Penn Jones won't write to me either (he was "fired" from Garrison's staff, I think) and Howard Griffin just says it is a complete mess he does not understand...My thanks and all best love to you from us, as
Stay in Touch - ever, *Art*
