Dear Trent,

Many thanks for lending me the San Diego Committee's Newsletter, vol. 1, no. 4, which I am returning herewith.

Thank you also for the list of Press Clippings. I think this will prove to be a very useful service. Please send me No. 26, 26b, 26c, and 31, for which I enclose my check. Congratulations on your initiative in starting this monthly circular.

I was quite interested to learn of your plans for November 21-24, and will look forward to receiving further details, in due course. You no doubt understand that I might have some difficulty in personal participation, first because I consider it impossible to hold any sensible discussion with Garrison's handmaidens, and second because I will be under a heavy workload at the end of November, when the UN General Assembly usually reaches its peak of activity.

All good wishes,

Yours sincerely,

Sylvia Meagher
