Helen, let me give you some information in response to the copy of your letter of 1/25/69 to The Minority of One (TMO). Publication was suspended with the November issue, whether temporarily or permanently was not immediately clear. I am not absolutely certain even now what the situation is, but from a message relayed to me only yesterday it appears that TMO will resume publication in the fairly near future--perhaps March or April. Your letter of 1/25/69 is probably sitting in a small mountain of accumulated, unopened mail, as the editor has been out of the country and all mail is being held. You may wish to pass this information on to your friends who are subscribers.

Re: your letter of 12/28/68 to Kerry, page 2, para. 4--You are correct in your understanding that there was no contact between Horsey and Tink Thompson and no contribution by Tink.

I liked your mini-editorial "What Air Force?" Speaking of UFOs, I don't think I ever sent you a copy of the "Wesleyan Ode," which I enclose. Please pass it on to Kerry, who seems to like this sort of thing, and you might ask him in turn for a copy of an ode to the New Orleans D.A. which an anonymous fan recently composed.

Guess this will be all for now--chores await and the hour grows late.
