Dear Helen,

I think I always short-change you in my replies to your full and much appreciated letters; but I hope you will forgive me, because I am back at work full steam (at the UN, that is) and there is so little time left over. Please don't think that I don't read, and usually agree with, everything you say about the situation in this country and the grim prospects. But I will limit myself to replying to a few of the practical questions you raised.

Without consulting Arnoni, I think I can safely say that he would be pleased to do a telephone broadcast. If Ruark wants to ask him, his phone is 201-778-1539; or, by letter, 155 Pennington Ave. Passaic N.J. 07055.

About the tape of Ed Horsey's broadcast: If you think there is anything of real interest in it, do send it, and I will mail it back after hearing it. Please don't take the trouble of making a special copy.

Yes, I would definitely like to be on the mailing list for the monthly UFO Researcher.

Last item: Sorry, but I cannot claim credit for "Hubird." I saw it on the cover page of one of the underground newspapers, full text: "Hubird???? Absurd!" I can only claim credit for disseminating and propagating this most apt designation.

With warm affection, but....

Hastily, again,
