To Mr. J. E Hoover. F. B. Investigation

Dear Sir.

As one of the many millions of Americans who are grieved, shocked, and outraged, by the willful, and premediated murder of our beloved President, John F. Kennedy, I am at a loss to know why some simple precautionary measures were not taken to insure his absolute safety. Oswald was very well known to the F. B. I and other agencies of the Federal Government. A letter that he had written to the Sec of the Navy was on file in Washington. In this letter he promised to right a wrong that he felt was committed against him while he served in the U. S. Marines. He was also known as a communist sympathizer and a supporter of Fidel Castro.

According to reports that I listened to on television. Oswald was questioned by the U. S. Secret Service a short time ago. In view of all these things. I would like to know the following. Why was this man allowed to remain at large during the time our beloved President was visiting Dallas Texas? Had Oswald been locked up or at least kept under constant surveillance, I feel that he would not have the opportunity to fire the fatal shot, that has taken the life of a great President and an outstanding world leader.

Respectfully Yours,
Patrick McKeever
