*Walter Jenkins*

Reference is made to the memorandum from Assistant Director DeLoach 4-30-64 which reported information that Walter Jenkins, Special Assistant to the President, had a friend who allegedly met one of our Special Agents. The Agent had formerly been assigned to the New Orleans Office. The Agent told Jenkins' friend that he had been transferred from New Orleans as a result of getting into difficulty with a woman in the French Quarter. The alleged Agent told Jenkins' friend that he assisted in the investigation of the Oswald case and that Oswald, prior to his murder, was definitely an FBI informant. The Agent stated that FBI files in Washington would prove this fact.

It was recommended and approved that we review personnel files to find out if any of the Agents who have been transferred there from New Orleans is a type of disciplinary problem as described above. If there is such an Agent, he should be interviewed re this matter.

A review of personnel files discloses there were 3 Special Agents transferred directly from New Orleans to Dallas. Of these three, the following two cases are noted:

*Three*

... was transferred from New Orleans to Springfield 5-2-64. This was later changed to Dallas, Texas. At the same time, ... was censured, placed on probation and suspended without pay for five days. This action followed misconduct on the part of the Agent while attending the 809 Club located in the New Orleans French Quarter. Allegations, which were not established conclusively, were made against him to the effect
