

March 20, 1970

Dear Sylvia,

Thanks for your letter of 2/19.

I don't know what Marks has, but I would not be surprised if it is a letter from Day to Curry about something, perhaps some of the evidence, which simply fails to mention the palmprint. That would add to what you have in your book, of course, but would not be as conclusive as Marks suggests.

I did get Bud's recent mailing - delayed several weeks, perhaps by the strange "mailers adv." on the postage-meter stamp. I guess if one is an experienced politician one can say with a straight face that "we" - presumably including JG - are proceeding "responsibly."

I haven't seen the 12/69 American Rifleman article, but will try to check it out.

A memo on the Alba magazines, etc. should be out soon. As I may have mentioned, the torn-out coupon was found (allegedly) in Irving. The mysterious stranger is still mysterious, but I can't think of a scenario that would involve him either planting or picking up evidence for any good reason.

Have you seen Judy Bonner's new book? I hear that it is really bad. Also, someone named Newman was supposed to have a book out in March (Crown Publishers, I think), but I haven't seen it listed yet.

Enclosed: clipping on Liebeler; list of available N.O. testimony, and notes on CE 2812.

Sincerely,

*Paul*
