Dear Sylvia,

Thanks for your interesting letters of 11/8 and 9, with the enclosure, and the most unwelcome news about Masterman/Joesten/Davison. Yes, it came ~~from~~ from me originally - before I knew ~~its~~^{the} significance, I mentioned this to Masterman. Whether or not I agree with the interpretation of this as significant - and I am less than certain - the idea of giving ~~it~~ it to Joesten!

Could you loan me your copy of this newsletter ~~to~~ (I'll return it right away) or send me a copy?

I will discuss the points in ~~your~~ your letters with Jim Schmitt and let you know if we come up with anything - no time now. Copy of supplement to my CD list in enclosed.

Sincerely,
Paul
