

WESTERN UNION TELEGRAM RECEIVED VIA TELEPHONE JANUARY 19, 1976

9:10 AM.

For each and all of the reasons I stated to you today, and for the reasons summarized in my January 12 letter:

1. I demand that you remove my name as a contributor to the book, ASSINATIONS, and that you remove my name for all pre-publication, publication and post-publication publicity as a contributor for use as my name as a contributor is false, misleading and deceptive for I have not voluntarily contributed anything to this book.
2. The Meagher Texas Observer article deliberately misrepresents the overall record and the truth, and as a whole is libelous and also libelous in particular where it implies it was perjury and suborning of testimony. The article is a smear and it is libelous and I have, therefore, asked that it be removed from the book.
