Dear Sylvia,

Enclosed is some material on Hidell which I think will be of special interest to you. Any comments would be welcome. (Also, a short memo on press reaction to the ABC programs, which weren't anywhere ~~xxx~~ near as bad as what I had expected.)

I ~~xxx~~ stayed in Washington for about a week after the conference, and had a very good time; I saw about 50 people during my trip! I wasn't able to get back to the Committee on anything substantive, however; they were still setting up procedures.

There is much I would like to discuss, but I'm swamped and I do want to get the enclosed documents to you promptly. It was good seeing you again.

Sincerely,

Paul
