

21 April 1979

Dear Paul:

(1) I hope that you and Peter have received the two-volume transcript of our Critics Conference of September 1977. I have hastily done a rough index to each of the two volumes, for my own use. It occurred to me that you and/or Peter and perhaps Mary as well might like to have copies of these indexes. However, I hate to do typing with carbon sheets and I do not have easy access to a xerexing machine. I am therefore sending you herewith the original and only copies of the indexes, for you to xerox for yourself and others, if you wish, but in any case to please return to me without fail.

(2) I have now received the five volumes of the JFK Hearings. I was dismayed by the presentation of the exhibits. They are not listed in the table of contents—they are not consecutively numbered—they are often unlabeled and difficult to identify—and many are scarcely legible. This is even worse than the Warren Commission gave us. In any case, I decided to do a list and description of the exhibits, by volume and page numbers. Again, I do not have carbon copies or xerexes available. But, as the list will undoubtedly be useful to those of us who may decide to work with the Hearings volumes, I am also enclosing the original and only copy (9 pages), in the hope that you will be willing to xerox and distribute them. In any case, please return the original to me.

I do hope that the work involved is not an imposition. If it is not possible for you to do it, I will understand and will be grateful if you would merely return the enclosed material to me.

Like everyone else, I am awaiting the HSCA Report with great curiosity. I expect that it will be vigorously attacked by the media, the Establishment, and by many of the critics.

Best regards,

Yours sincerely,
