Dear Sylvia,

Thanks for your letter of the 7th. Here is one copy of your list~~x~~ of exhibits. To save postage, I've sent the second copy to Tony Summers directly.

Also: my newsletter of 5/12. (The 5/5 issue~~x~~ was sent, with some documents, on 5/8.)

The HSC's delays are becoming irritating. It looks like Peter will get a contract for a "quickie" book responding to the report; Russ and I plan to help. I don't relish the idea of trying to put something together within 4 weeks of the report, but if someone is going to do it, I guess it should be us! I expect Peter will be talking with you about this project soon.

Regards,

*Paul*
