Dear Sylvia,

Just a quick note before I dig into the HSC report (I hope) in the morning.

Thanks for your letter of the 29th, and the ~~29~~ Cohen and Bode clips. It's not clear if you kept a copy of the ~~29th~~ Cohen item, so I've enclosed one.

I've never seen any explanation of the connection between Pecora and Bruneau, on the one hand, and "A. Heckman" on the other. Some strange ritual ~~of the~~ originating with the Napoleonic code? Murret or someone indicated that, formally, you get bailed out into the custody of some local police commissioner, or something like that.

Also enclosed: ~~xxx~~ newsletters of 6/30, 7/7, and 7/14, and Lardner's pieces of 6/19 and 6/28 on Blahut.

Jeff says the HSC report format - no index, etc. - was enough to get you ~~angry~~; ~~and~~ hope you write something - if you do, we would like to see it.  
angry

Regards,

*Paul*
