Dear Sylvia,

Thanks for your notes of the 18th and 22nd, and for the NYT clippings of the 31st. I've sent the copies to Mrs. Stamm, and added Ray Marcus to my newsletter mailing list (without checking my recollection that he thinks I'm a CIA agent - or do I have him confused with someone else?)

I wonder if Belin is running for Deputy Attorney General in charge of the JFK investigation?!

Jeff asked me to send you Fonzi's anti-Phillips, ~~and~~ anti-Blakey opus. I just read it today, and will try to write down some comments later. My sympathies are mostly with Blakey on this particular issue.

I've also enclosed an exchange of letters between Keuch and Blakey. Heavy stuff; Keuch's letter needs to be read with care. What has Blakey ~~done~~ done to him lately?!

Blakey's book is delayed until January. Dr. Lattimer's somewhat quirky book on Kennedy and Lincoln is now in the stores.

Harold wrote me saying that his condition will require that he do less work. I gather he was in the hospital once for scheduled surgery, went home, and had to go back in again; he's home now. I'm sure he would like to ~~hear~~ hear from you.

Sincerely,

*Paul*
