6. Police Headquarters - Hughes Rudd - Recap of Oswald, who was being interrogated by police. Oswald defiant and hangdog - appeared ready to cry. Face bruised, apparently thru capture.
7. CBS - Rather reporting. Question, how did Oswald's assassinator get in police station to do the deed. Answer seem to be that Ruby was well known by Dallas Police. So well known no one notices him - has been in police station the last several days, offering cards, drinks, invitation to police and reporters there to visit his clubs.
8. KRLD - Jay Hogan - Special from Marshal Lynam from Washington. Assistant to Ft. Worth Congr. Jim Wright said MacCormack appointed Congr. Wright as acting House speaker tomorrow. He will call house to order. Official resolution of mourning to be made - first since 1945.

1. More on Oswald's wife and her silence.
2. George Herman reporting from Washington. Everywhere the body of President Kennedy went today, two flags were with him - the American flag and the President of the United States' flag.
3. What will happen and what changes will occur to the country now that President Kennedy is dead and President Johnson has taken over. Four statesmen discuss this question: Senator John Pastoria of Rhode Island, a democrat; Senator Leveritt Sautenstall of Massachusetts, a republican; Senator Hugh Scott of Pennsylvania, a republican; and Senator Henry Jackson of Washington, a democrat. It is the consensus of this group that the continuity with the new President is the best it has ever been since Vice President Johnson was in close contact with President Kennedy and all phases of government.
4. Discussion of President Kennedy and the people of the South. This discussion group is listed above. It was agreed that President Johnson is very informal.

1. Continuation of discussion between Senators and CBS news commentator George Herman.
2. "Hate" in America elaborated upon.
3. Back to CBS news headquarters in New York. President DeGaulle has arrived at Dulles Airport. His plane touched down 15 minutes ago at 5:05 p.m.

5. Weather forecast for the U.S. given for tomorrow, the official day of mourning.
6. Report from Democratic U.S. Representative Adam Clayton Powell, a negro, in his role as minister of the Abyssinian Baptist Church in New York who was asked to comment on Lyndon B. Johnson. He stated that he had campaigned for Mr. Johnson and he had not had one regret that he did.
7. Senators Fullbright and Wickerbaker say a summit meeting with Premier Khrushchev and President Johnson might be useful, but only under certain conditions. Senator Fullbright is chairman of Foreign Relations Committee and Senator Wickerbaker is an important member of that same committee. They oppose an early summit conference or any negotiating between the two heads of state - anything more than feeling each other out. Senator says he sees in Mr. Khrushchev's condolence to the United States a hopeful sign that he would like to maintain reasonably good relations. Both Senators are hoping for a change in foreign aid.
8. Comments from Senator Edward Kennedy as he boarded plane for Washington along with his Mother and Sister, Eunice. He said he wanted to tell how appreciative both of his parents have been.
9. The time is now 5:30 p.m. Statement from Honorable Earl Cabole, Mayor of Dallas. Dallas has gone through intense pressure for the past few days. He asked that the world recognize and appreciate the burden that Dallas bears.
10. When asked about the bomb threat, he commented that he had cancelled his reservations for that flight. He did not want to comment on when he would depart for Washington. He had booked passage on Braniff Flight #110 for Washington. The flight was held up while they looked for a bomb, but none was found.

11. Late report from Dallas police headquarters, Bob Huffager reporting - Formal murder charges have been read against Jack Ruby, charging him with the murder of Lee Harvey Oswald. He is being held without bond. Will Fritz, homicide Captain, said that the case of Oswald and the Presidential assassination was closed as far as he was concerned. Complete confusion still at City Hall among reporters. Security measures have been increased to the utmost.
12. Report from Washington that Senator John Tower of Texas said he did not assist Oswald in returning to U.S. from Russia in 1962. He said in fact, that just the opposite was true. He said his office received a letter asking for help in returning to the U.S. but when he learned that the man had renounced his American citizenship he said "As far as I was concerned he could stay in the Soviet Union and rot."
13. Report on Governor Connally - reported out of danger.

Reel No. 46 "A"
24 November 1964

1. Local news
2. CBS news in New York. Commentary by CBS newsmen on events surrounding shooting of Lee Oswald. Average citizens in Dallas are shocked. Extra patrolmen have been brought in from surrounding Texas cities to assist.
3. Recap on move of Oswald.
4. People in New York are asking why Oswald was being moved from one jail to another - the city jail is a small jail and is not built to hold people for a long period of time. The county jail is a much larger jail and is built to hold people for a long period of time. The general procedure has been for years that when a suspect is brought in over which the city has jurisdiction and sometimes when the county or state has jurisdiction, he is brought to police station, questioned and charged, and normally he is transferred to the county jail.
5. A former Texan was asked what would happen to Jack Ruby now, not only the legal mechanism into which he will be put, but what does he face. First of all, he answered, he will be formally charged, then arraigned, then transferred to county jail, the case will go to a grand jury. Other legal procedures and details were elaborated upon.
6. Rubenstein was giving out business cards for his nightclub and telling reporters to drop by for a drink and to watch the floor show. At one point he was bragging that he was the only man in Dallas who closed his business Friday night, but of course this was not true.
7. CBS news has some exclusive video tape and film of Rubenstein moving out of the crowd of newsmen and policemen in the basement of the police station and whipping out his gun and apparently firing the shot. In the film, and we have taken a very close look at it, from the time Oswald moves into the room in which Rubenstein was located, it appears that his eye immediately moved to that part of the room in which Rubenstein was standing and that his eyes never leave Rubenstein.
8. Question as to whether or not there will be any action to find out who let Rubenstein in. The Chief was very much annoyed and embittered when reporters asked why and how Ruby was let in.
9. Report that Jack Ruby has more of a police record than at first appears. Liquor violations and in 1953 or 54 he was charged with carrying a concealed weapon. Nobody seems to know what happened to the case. Many threatening calls have been received all over Dallas.

10. A report sharply critical of the Dallas police force was issued from Los Angeles tonight. Former California Governor Knight said the shooting of Lee Harvey Oswald was a travesty. He said the accused presidential assassin was "still entitled to a fair trial and protections. One of the great fundamentals of American justice which John Kennedy many times praised and worked for was violated the last two days in Dallas."
11. More on Governor Connally, and on the speech made by Mrs. Connally.
12. Recap of the discussion of remarks made earlier by Senators Fulbright and Lukenbacher.
13. Report from Paul Niven from the White House. Mrs. John F. Kennedy has undertaken to extend even further her personal ordeal in connection with the funeral rites of her late husband. Tomorrow afternoon after the funeral to which she will have walked from the White House, and after the interment at the Arlington National Cemetery, the bereaved First Lady will receive, here at the White House, all of the Heads of State, and the other foreign dignitaries including many Royal figures, who have come to attend the funeral. Mrs. Kennedy is doing this at her own wish.
14. After Mrs. Kennedy has received the foreign visitors, President Johnson will receive them on the 8th floor in the diplomatic reception room at the building of the Department of State.
15. More on activities of President Johnson, and his meeting with Ambassador Henry Cabot Lodge, McNamara, and Rusk.

1. Continuation of conversation on Mrs. Jacqueline Kennedy and her reactions to the assassination. Also on her march in the funeral procession.
2. Police in Dallas have disclosed their roster of evidence as they been piling it up against Lee Harvey Oswald, evidence which now will stand as mute since he is dead. The major points in evidence that had been collected against him in preparation for a Dallas county murder trial were (1) the paraffin tests for gun powder on both hands were positive, (2) photographs showed him posing with the rifle and with the pistol, (3) he once threatened to wound John Connally. Oswald's wife said he did have a rifle similar to the one used, he did buy a rifle for \$12.78 from a mail order house and the documents have been proven and verified by the police. He was a marksman, the rifle was not in its accustomed place in the garage, according to police. Police found the weapon in a room overlooking the site. Oswald was employed and seen in the building from which the shot was fired. They have more evidence, but refuse to divulge it.
3. Wells Church talks from the Rotunda at the White House. He is on the north side of the room and the plain ordinary Americans are coming in from the east door and going out the west door, paying their respects to the dead President. He was astonished at the number of people. He looked up east capitol street and as far up as he could see, they were just jammed. They come in the door about four abreast. As they come in they are split about two abreast. It is quiet, many are crying, but silently.
4. Description of the Rotunda.
5. Funeral arrangements for tomorrow given.
6. Secretary Rusk met President DeGaulle at the airport.
7. Other news reported.
8. Station break and local news.
9. Bernard Eisman and Robert Trout reporting from CBS in New York. The only discordant note in this feeling of national grief and international concern is coming from Red China. Communist China has launched another bitter attack on President Johnson. "Since the emergence of the Kennedy regime, Johnson has positively supported the various reactionary policies of the Kennedy administration and participating in formulating and promoting such policies." Other blasts were read.

To school mates who knew him in high school in Fort Worth he was a strange man - to police who questioned him after he was arrested he was defiant and often arrogant.

When asked if he carried a gun, she answered that he did, sometimes on his person, sometimes in the trunk of his car with his money. He liked to fight and he was proud of the fact that he had been involved in hassles and that his finger had been bit off, things like this.
