Dear Mr. Hoesten,

I hope you will not be unwilling to include my friendly questions and comments in the Truth Letter, at your convenience. I realize that there is a space problem but perhaps the three paragraphs could be used separately and consecutively. Or not at all, as is your prerogative without question. Be assured that I do not wish in the least to abuse the cordiality you have extended me in inviting an occasional contribution. I thought that the questions were legitimate and necessary, also the clarification as to Huie, and I hope you will accept them in the same spirit.

Let me use this opportunity to wish you a Very Happy New Year. May justice be done, and may peace come to this unhappy earth.

Fraternally,
