THE CASE AGAINST THE KENNEDY CLAN

(In the Assassination of President John F. Kennedy)

by JOACHIM JOESTEN

Author of seven published trade books about the Kennedy Murder Fraud

---

There is a lot more to the assassination of President Kennedy than meets the eye. One of the most shocking things about it is the failure of the Kennedy family to do anything to help in the search for the truth. They have known all along that the official version is a fraud, but they didn't have the guts to speak out. This report tells you, why.

Chapter I - The Yellow Family

How John P. Roche, LBJ's "intellectual-in-residence," inadvertently let the cat out of the bag. - Robert Kennedy's Cracow credo. - Jackie Kennedy and the Usurper. - Ted Kennedy learns submission the hard way. - America's "Sacred Family" is a clan of cowards.

Chapter II - Bobby's Self-Made Trap

Why Robert Kennedy, the leader of the clan, is hamstrung. - Bobby and the CIA. - A guilt complex as big as a mountain. - Blackmail from LBJ and J. Edgar Hoover. - How the cornered rat trapped the cat.

Chapter III - The Blindfold Believers

Although not one member of the clan has read the Warren Report, they all profess to believe in it fervently, for the sake of expediency.

Chapter IV - The Manchester Caper

How the Kennedys and a hired scribe conspired to falsify history, then fell out over the script of the farce. - All the truth is edited out of the book, all the falsehoods are left. - "Manchester Unexpurgated."

Chapter V - The Pictures They Dare Not Show

The phony autopsy of President John F. Kennedy, ordered by LBJ, is contradicted by the autopsy photographs and X-Rays, and they all know it. But the Kennedy Clan, out of fear and under pressure, promised to cooperate with the Usurper in burying the explosive evidence in the Archives. - Rep. Kupferman, Dr. Wecht and Dr. Helpern speak their minds.

Chapter VI - For Jim Garrison - A Kennedy Torpedo

How the Kennedy Clan reached the lowest depths, trying to wreck Jim Garrison's courageous enquiry into the assassination of the President.
