OSWALD: ASSASSIN OR FALL GUY

by Joachim Joesten

A "first" in every respect: The first full-length book about the assassination to come out in America; the first book to expose the official version as a hoax; the first to establish the innocence of Lee Harvey Oswald. And the first - second American and British editions - to show up the Warren Report as a "gigantic fraud."

CONTENTS

Preface

Part One Impossible Assassin

Chapters : 1 - The Self-Betraying Detour; 2 - Thunder Before Lightning; 3 - "Ambush Building Chosen with Care; 4 - Evidence That Backfired; 5 - Wade's Spectacular; 6 "I didn't Kill Anybody" ; 7 - The Unworried Killer; 8 - The Irving Gunsmith and The Phantom Sight; 9 - Life Merchandises Death; 10 - "Wounds That Speak Like Mouths"; 11 - Who Killed The "Good Cop"? 12 - The Sky Witnesses to a Movie Capture.

Part Two Perfect Fall Guy

"... The book sets out to prove that Lee Oswald did not kill the Dallas policeman, and may not have killed President Kennedy - or if he did, that he had a lot of help, including perhaps another hidden sniper. It goes further - much further. It sets forth the theory that Oswald was either a CIA or FBI agent or informer, or both. It hints at a massive conspiracy to cover up the real story of Kennedy's death. And it documents its theory so meticulously that it is frightening... And its documented charges should be answered. If the Warren Commission can answer them, it should do so publicly..."

Kenneth L. Dixon in The New York World Telegram, July 7, 1964

"Oswald: Assassin or Fall Guy?" was first published in June, 1964, by Marzani & Munsell, Inc., New York. British edition, January 1965 (The Merlin Press, London)

Die Wahrheit über den Kennedy-Mord

(The Truth About the Kennedy Murder)

by Joachim Joesten

This voluminous work, in German, was the author's second full-length book about the assassination. It attracted widespread attention throughout Europe, was translated into the Dutch language and was serialized in the mass circulation illustrated weekly Quick (Munich) as well as in an Austrian daily paper. It became a best-seller both in the German-speaking area and in Holland.

THE BIGGEST LIE EVER TOLD

The Kennedy Murder Fraud - And How I Helped

Expose It

by Joachim Joesten

This is the inside account, told in the first person, of a hitherto unknown story that will make headlines some day: How Joachim Joesten got the train of disclosures started that has been rolling ever since, gathering momentum from year to year as others joined in the battle for the truth; how the official fabric of deception was torn apart, step by step and book by book; how Joesten outwitted the CIA, the agency primarily responsible for the assassination of President Kennedy; how he put the finger on Lyndon B. Johnson as the power behind the murder; how he carried on psychological warfare against the perpetrators of the Kennedy Murder Fraud and triggered some surprising reactions; how he piled "first" upon "first" in the gradually evolving destruction of the official mythmaking and the exposure of the shocking truth. And, how it felt to be in the middle of all it.

The author does not claim sole credit for exposing the Kennedy Murder Fraud, or even claim a major share of the credit - Jim Garrison is entitled to it - but he is conscious of the fact that he did the spadework for the big demolition job now in progress.

"The Biggest Lie Ever Told" will be published by the author himself, again in mimeographed or multigraphed form, in a number of volumes to be issued beginning early in 1968. Scheduled so far are:

- Volume I The Long Uphill Fight for the Truth  
Volume II Adventures in Zurich  
(In connection with the publication of "Die Wahrheit über den Kennedy-Mord" see p. 8)  
Vol. III My War Against the Newsmakers  
Vol. IV It's a Ghoul's Life

This detailed record of Joachim Joesten's personal involvement in the battle for the truth about the Kennedy murder, and of his varied experiences in the case, some of them very odd, is intended primarily as library material. It should be very useful to future historians as well as to students of current affairs.

The series will be available only by subscription and the price is \$ 5.00 per volume. Address orders and enquiries to:

Quotes and Challenges

The people who engineered the killing of one of the finest presidents we ever had are walking around today. Not to do anything about it is un-American.

- District Attorney Jim Garrison

The first person in the United States to do something about it was Joachim Joesten, an American citizen of German birth. His book "Oswald: Assassin or Fall Guy?", published in June 1964 - well over two years before Epstein, Lane, Weisberg, Sauvage etc. were heard from - was the first book in the United States to expose the official version of the assassination as a hoax. It was the driving wedge that opened the way towards establishment of the truth.

We have found out that the conclusions of the Warren Commission are so far from the truth that they constitute a gigantic fraud - quite possibly the largest in terms of effort and scope and effect, ever perpetrated on the planet.

- Garrison

Joachim Joesten was the first writer who openly accused the Warren Commission of deliberate fraud. In his German-language book "Die Wahrheit über den Kennedy-Mord" he used the subtitle "Why and How the Warren Report Is Lying." Joesten also coined the expression "The Kennedy Murder Fraud" which is gaining wide acceptance and will in due course become a household word the world over.

What worries me deeply, and I have seen it exemplified in this case, is that we in America are in great danger of slowly evolving into a pre-fascist state... We won't build Dachaus and Auschwitzes; the clever manipulation of the mass media is creating a concentration camp of the mind that promises to be far more effective in keeping the populace in line.

- Garrison

From the FOREWORD to "The Garrison Enquiry" by Joachim Joesten:

"Practically the only way dissenters have been able to make their voices heard has been through books. No wonder there have been so many on the subject... I hope this isn't going to be my last (it wasn't). As long as there is any breath in me, I shall continue to write about this absorbing theme."

HOW KENNEDY WAS KILLED

by Joachim Joesten

In his seventh, and so far most definitive book on the subject, the author performs a job never before undertaken by any of the writers who have dealt with the assassination of President Kennedy: He reconstructs, mainly on the basis of the authentic information provided by District Attorney Jim Garrison of New Orleans, what really happened at Dallas on November 22, 1963, and retraces the course of events that led up to the murder. The whole pattern of the conspiracy is laid bare in these pages with ruthless frankness.

The shocking truth District Attorney Garrison will disclose to the world tomorrow - is revealed in this book today!

O S W A L D : T H E T R U T H

by Joachim Joesten

In this voluminous work, the author convincingly documents his assertion that Lee Harvey Oswald, alleged presidential assassin, and a cop-killer to boot, didn't kill anybody in Dallas on Nov. 22, 1963 - a fact fully confirmed by District Attorney Garrison, long after the manuscript had been completed and when the book was already in print.

Among scores of other revelations not to be found in any other book about the assassination, "Oswald: The Truth" contains photographic proof that the Dallas Police, eager to frame Lee H. Oswald for two murders he had not committed, criminally tampered with the material evidence at the scene of the crime.

MARINA OSWALD

by Joachim Joesten

This book exposes another essential aspect of the monstrous fraud that has been put over on the American public, and the world, in the Kennedy assassination.

It proves conclusively - and again this has now been confirmed by Garrison - that Oswald, far from ever having been a genuine Communist, was an undercover operative of the CIA and later also a stool pigeon for the FBI. On his CIA-assignment to Russia, which he bungled, Oswald was constantly shadowed by Soviet counter-espionage agents, mostly female. One of them was the now notorious Marina whom Lee Harvey made the fatal mistake of marrying.

Later, in the United States, Marina was "turned around" by American intelligence agents, with the result that she betrayed her murdered husband and "confessed" his guilt, although she was a witness to nothing and moreover knew that he had not committed the crime. In return for so much disloyalty, Marina was showered with gifts and rewards, becoming a rich woman who soon remarried. And now, on top of everything else, she is suing Uncle Sam for half a million dollars in damages!
