Dear Mr. Joesten,

Some time ago I sent you a number of articles on the Warren Report, one by Harrison Salisbury and an article of my own published in Esquire included. The other day the whole envelope was returned as undeliverable at the various European addresses to which it was forwarded. Now I have received your Munich address from one of my colleagues, who sent me a photocopy of your prospectus "The Kennedy Murder Fraud."

I have therefore remailed the original envelope with its contents to your Munich address, and I hope that it will arrive safely in due course (by surface mail).

Needless to say, I am consumed with interest in your ten-volume Work and if resources permitted, would hasten to order the ten volumes in advance. Since that is not possible, I shall ask only for the first volume at this time. I enclose my check for \$30.00 and look forward to reading it with the greatest interest.

When you have time, do let me hear from you. With all good wishes,

Yours sincerely,
