Dear Miss Meagher,

Thank you very much indeed for sending me the clippings from ESQUIRE with the two pieces by you and by Epstein, which I both read with keen interest. Also I wish to thank you for your letter of November 7 and I am sorry indeed that I have been so late in answering again.

You seem to be extremely active in the good cause, for I see your name popping up time and again in discussions about the assassination. I congratulate you on your courage and the hard work you are putting into your efforts.

Having completed the second volume of my German-language book entitled "The Truth About the Kennedy Assassination," I am now reverting to my project of a series of multigraphed reports in English which I am going to publish myself for they will be much too hot to handle for any commercial publisher. I am going to get out a detailed release about this matter in a few days and will then send you a copy.

Incidentally, I am looking for somebody who will help me with the distribution of these reports in the US on a commission basis which will be quite lucrative because of the high prices involved. I suppose you are probably much too busy to be able to take a hand yourself but perhaps you could put me in touch with some other people (perhaps one or two students who would be both interested in the search for the truth and glad to make a bit of money on the side) who would be willing to work with me on this project.

Thanking you again for your interest and cooperation, I remain,  
with the best wishes of the season,

Sincerely yours,

P.S. The above new address will be good for the next six weeks or so.
