

Telephone call from Penn Jones Jr. Friday night 10 p.m. 10/21/66

Will arrive NYC Tuesday instead of Sunday; will be on Kronkite Monday night, then on a TV program and on Long John radio.

Asked me keep Wednesday night open for dinner with him. Had just talked to Shirley Martin, who will co-author his second volume—he wants her to make some money out of it. Has not yet received TMO with my State Dept. article. Newsweek was with him all day Thursday, will do spread on him. LA will stay with Shirley while he is in NYC. Agreed to the Ramparts focus, anything that helps the case. Had not read the book review section of the magazine so could not explain why it was the way it was.
