Dear Ted,

Just heard a news report of your announcement that you intend to return to private life at the end of your term in Congress.

It goes without saying that you have my heartfelt good wishes for the future. I am sure that you have compelling reasons for your decision—but it will be a real loss when you leave office, to all the critics of the Warren Report as well as to me personally, as a critic and as one of your constituents. You have made a major contribution to the effort to establish the true facts and I can't help feeling dismayed by the realization that this will mean the end of your joint resolution and your campaign to get access to the autopsy photographs and X-rays.

I know that you will not lose interest in this important issue, whatever your future activities, and I hope that we will continue to be in touch.

Yours ever,

Sylvia Meagher
