Dear Sylvia:

Thanks for your kind letter. Hope the
book comes out alright - and be sure to send me
an advance copy, as soon as you can.

I didn't know about Bogard, Schmidt, Lovelady,
and so on... Quite amazing, as you say... Has Penn Jones given any
news? Is he still on that trail?

We're completely given garrison up here - and I
have the same feeling as yours. I am still on vacation, working on
a novel and quite away from it all... I have the strong belief that
the Vietnam and the Negro issues will erase any other problem in the
coming years and that JFK is going to be quite forgotten - and the
how and why of his death - even though it has some sort of
connection with the 2 problems mentioned above...

As soon as I'm back in Paris, I'll try and
write something of a longer letter. Meanwhile, hope everything's fine
with you - and keep me up to date, whatever happens...

Best,
Philippe
