

Dear Sylvia:

Thanks for your latest letters. I am afraid we fully agree on one thing: the disappointment over Garrison's failure and fraud. In fact, the whole thing has been such a blow — after the hope I had in him, having seen him and having been "charmed" — that the whole affair fades away in my mind, memory, and interest. I have a dark feeling the truth will not be known and, worse, that nobody cares anymore.

The latest Israel business — Vietnam — etc... do, of course, erase from a journalist's mind, other topics of interest like the JFK case. I suppose you are more concentrated on it than anyone I know — But a few words from you, to reassure me that something is moving, would help!!

Best as ever, Philippe.

P.S. Is it possible to have a script of the NBC show on G.

and of the CBS - Spence? or, are they worth it?

P.S. 2 How's the book?

P.S. 3 Can you send "The Scavengers"?
