Dear Sylvia -

Thank you so much for
your very helpful notes regarding
Mr. Nizer's many transgressions.

He has added one more. He
has backed out of the debate
arranged by Succinid. Of course,
since he has made so many absurd
statements - a confrontation with
reality might be too much of
a shock for him.

Again thank you for the notes and the work that went into making the transcript and analysis. We may yet catch the elusive Mr. Kuzi and if we do you can be certain that I will attempt to make good use of your excellent notes.

Sincerely
Frank P.
