Dear Sylvia:

Your book just arrived this morning. Congratulations on what appears to be a very complete, thorough, and well-documented publication! All my best wishes for a great professional and financial success.

Thank you for your thoughtfulness and generosity in sending me a complimentary copy, and thank you especially for your kind note inscribed in the book.

I shall start to read it this evening, and I know that my immediate impressions will be affirmed and intensified after I have finished reading the book.

When you have a free moment in the next few weeks after the book has been released to the general public, I would be very interested in learning what type of response you are receiving from critics.

With kindest personal regards.

Sincerely,

Cyril H. Wecht, M.D., LL.B.

P.S. - Thanks for copy of Dr. Nichols letter to MAFN. I had seen it & had followed his original JAMA article & the subsequent news comments pertaining thereto. Nichols is a competent pathologist - I don't know him personally.
