Dear Mrs Meagher,

I would like to let you know how much I'm enjoying your new book "Accessories After the Fact".

I have a nice collection on John F. Kennedy also as many of books on the assassination. I find your book more in detail than any of the other books I have on the assassination.

I have tried and two book stores here in purchasing the subject Index to the Warren Report and Hearing and Exhibits. So I thought

take a chance and write  
to the publishers of your  
book hoping they will  
forward it to you.

I'd appreciate it very  
much if you could let  
me know where I can  
purchase the book.

Sincerely

Mrs Dorothy Jordan
