Dear Miss Meagher --
Reading Accessories - wonderful!.....on p.61,- Studebaker's
remarks:...."I picked it up and dusted it".....
If the paper was dusty -- the nature of the dust ~~would~~
would have some bearing, would it not?..... Did it look
as if it had been lying there a long time? Was it Book
Depository dust? etc.....If LHO brought it into the place
within the last 3 hours, how ~~could~~ dusty could it get?
.....Small matters, but the whole LHO defense is small
matters piled up.....KEEP AFTER 'THMM'!
