Dear Mr. Lifton:

Thank you for your letter of June 2 and enclosure concerning the Warren Commission report and Executive Session transcript.

As one of the critics of the report, I have never felt that there was any conspiracy, but rather that the report should be considered an imperfect draft which required following up.

I read your letter just as I was listening to the radio reports of the shooting of Senator Kennedy. History seems to repeat in tragic ways.

If you are ever in New York or Washington, please call upon me.

With best regards.

Sincerely yours,

Theodore R. Kupferman, M. C.
