

Dear Sylvia,

12-13-69

While time permits, ju t wanted to dash this off to let you know that I am alive, well, and working very hard. I'll be resuming our correspondance soon. My archives order should be completed and returned to me soon; I'll be writing you about that. I got Curry's book, as I suppose you have by now. Did you see how big that bullet fragment was they took out of Connally's arm??? (Its in one of the pictures). I'd like to know where that comes from on 399!

I asked Salandria to write G and obtain for me the Z and Shaneyfelt transcripts. Instead, I got a letter back from Vince telling me what a nice guy I was, that G would never hold my position against me, and giving me permission to reproduce his letter as an enclosure to my request! Fred N. is now writing G for me, ~~and~~ and I will soon be phoning the court reporters.
