

Addendum and Erratum to the Notice Dated May 28, 1968

During the 48 hours since the notice dated May 28 was mailed, events have occurred completely altering the nature of the offer extended at that time---for the better! In the course of considering various commercial facilities to do the reproduction on the different items described, I met a California publisher who has a deep interest in historical "specialty" items. He has agreed to publish the three items mentioned in the last mailer in a very high quality professional format.

Therefore, what originally started as a limited offering of certain unbound material has now evolved into a special offering on a limited edition of a paperback softcover book.

The publisher involved caters to historical societies, universities, and libraries. His firm has published back issues of the Philadelphia Gazette, bound in hard cover, for the Philadelphia Historical Society. They are a major publisher of items for the hard of seeing, in special large print. (Their most recent such book is "Letters from Svetlana") They are specialists in going from "microfilm original" to paperback or hardcover book format, and then distributing the result to the appropriate specialty market.

Because of these new circumstances, the previous offer is revised, as follows:

- 1) The item being offered is a paperback book, bound with "perfect" binding. The size of the book will be approximately 7" by 9".
- 2) The book will have a brief introduction; what will then follow are the three items offered last time: the first is the Executive Sessions of the Warren Commission; the other two are the Liebeler Memorandum of 9/6/64, and the 46 page transcript of the original questioning of Marina Oswald on the weekend of the assassination.
- 3) The printing is regular commercial quality photo offset, done on the most modern equipment available. (Since each reproduced page comes from the corresponding one on a reel of microfilm sent from Archives, it is facsimile reproduction, adjusted to the page size of the book). Because of the high quality procedures employed, the book will have all the appearance of a typeset document.
- 4) The original press run on this item will constitute a special limited edition. Its price will be \$17.50. Until June 15th, you can order a copy for \$15. If you are interested, please respond immediately. Multiple orders will be accepted.
- 5) The production run is tentatively scheduled for the third week in June, and the books will be mailed, prepaid, in the fourth week in June.
- 6) To those who may have already mailed funds, in response to the original mailer dated May 28, please mail the additional amount if you are interested. Any funds received on the basis of the May 28 mailer will be held for 5 days; if the additional funds have not arrived, it will be returned.
- 7) This book will not be available at either price mentioned in this mailer in the future, as it will be commercially marketed through professional distribution facilities to universities, libraries, etc.

Please reply immediately if you are interested. Thankyou.
