Herry Livingston

Worried about how Jerry and
Kevin are handling this matter.
Don't trust George Gardner.

2 are tracings from actual
photos. One is a forgery.

Did type doctor without
their knowledge.

Re public of antogay photos
wants to prove they are accurate
tracings but the back of head photo
is a fake.

Wants Jerry & Kevin et al to
get tight. A dr in NY has seen the
pictures & corroborates ... Jerry knows
name of doctor & must not contact him.

Re public of autopsy photos - life and
death our polit structure is obscene.
Nothing more obscene than murder of
JFK. Will not rest until he has
hunted the assassin down
Not only not in bad taste, but
people must confront reality.

If he will be prosecuted for it,
defense will be 1st amendment to
Realizes, may be a bad look.

But feels we are in powerful
position now. Has a man ready
to go to white House: Ted Kennedy 
Worst that can happen is heavy
personal attack on him. Feel no
real legal jeopardy to person who
made copies. Purpose of the
breakin was to call att to
autopsy photos.
