Dear Steve,

I, too, was very glad that we had a chance to meet briefly during my visit to Los Angeles. I am gratified by your news of the growth in membership of the Citizens' Committee of Inquiry and the formation of committees in various other cities. That is most promising.

Only yesterday I received a handwritten note from Rep. Kupferman, dashed off in obvious haste, saying that the request to examine the photos and x-rays has been turned down. I am hoping to have a talk with him when he is in New York City next but just now, that is all I know.

Thanks for your kind words about my book. I only hope it will not disappoint my friends and fellow-critics.

With kind regards,

Yours sincerely,
