Dear Mrs. Meagher,

Since my last contact with you, my group, the Kennedy Assassination Truth Committee, has become considerably more active. We are about to embark upon a project wherein we plan to print up and distribute a leaflet containing quotes from various individuals and publications which have had the courage to speak out on the subject of the assassination.

I recently received a copy of a list, reportedly made up by you, which specifies such individuals and publications, and can be of great help to us in such a project. If this list was in fact made up by you, and it's not asking too much of you, would you please let me know where you got this information? By that I mean, of course, what the dates are of the publications mentioned, and from what source the quotes of the individuals were obtained.

Again, I must compliment you on "Accessories after the Fact", it was an excellent work and gave me a great deal of help. I have had no luck in obtaining a copy of your first book, however, and am told by the publisher that they are out of stock and not considering another printing. Do you know where any copies may be obtained?

Thanks for your help.

Sincerely Yours,

Mike Farrell
